EDUCATION AND CARE SERVICES NATIONAL REGULATIONS	
99	Delivery and collection of children

Purpose

An accurate record of child attendance is critical to ensure that the correct child/staff ratios are being met by the service, emergency drills are effectively executed and are a requirement of the Education and Care Services National Regulations 2011.

Practical and safe approaches to the delivery and collection of children at the education and care service will promote a smooth transition between home and the service.

Educators and Staff will only release children to an authorised person as named by the parent/guardian on the child's enrolment form.

Strategies

Attendance Sheet

A child record of attendance that is kept at the service must include (**Regulation 158**):

- The full name of each child attending the service
- Arrival and departure times; and
- The signature of the person who delivers and collects the child
- Families will be reminded to sign their child/children into the Service and will be encouraged to do so immediately upon arrival to avoid forgetting.
- Should families forget to sign their child/children in, National Regulations requires the nominated supervisor to sign the child in.
- Sign in sheets are to be used in the case of an emergency to account for all children.

Review of the Attendance Sheet

- Staff will regularly review the attendance sheet throughout the day to ensure its accuracy at all times.
- In instances when a parent or authorised nominee has not signed the child in or out, a staff member will sign to confirm that the child is in attendance or has left the service and initial.

- Prior to closing the service, staff member must verify all children have been signed out of the service. (Note: The regulations only require one staff to be on the premises. This is not best practice, however it is how some services operate). If a child is not signed out, educators/staff members will check all areas of the service and look for clues such as bags remaining in lockers, to ensure no child remains. Educators will contact the child's parent/guardian to confirm that they have been collected and this will be noted on the attendance sheet.
- If the services uses digital attendance records then the responsible person must ensure at the end of shift that all children have been signed out for the day.

A duty of care exists at all times the child is attending a children's service. In addition, the service has a duty of care to a child while he/she is on the service's premises even if he/she hasn't yet been signed into the service or has been signed out of the service, and is legally under the care and supervision of the parent/guardian.

A child may only leave the education and care service premises under any of the following circumstances **(Regulation 99)**:

- a parent of the child collects
- An authorised nominee named on the child's enrolment record collects
- A person authorised by a parent or authorised nominee named in the child's enrolment record to collect the child from the premises.
- Child is taken on an excursion
- The child requires medical, hospital or ambulance treatment, or there is another emergency.

Authorised Nominees

- On enrolment parents/guardians are to provide the names of two people who are authorised nominees for the purpose of collecting their child/ren from the service.
- Authorised Nominees **-must** be over 16 years of age to sign a child out. This is not a regulation but best practice. However if the underage person has written permission then they are permitted to collect.
- Authorised Nominees will be required to show photo ID to educators prior to collecting and signing out child/ren if they have never been met by educators at the service.
- Staff members are to check the name on the photo ID against the list of approved persons to collect a child. A person is not allowed to collect a child if they do not have ID, or if the ID does not match the authorisation list.
- If an educator is unable to identify the person trying to collect the child from the service, the parents will be contacted immediately for clarification.
- Please note: Unless there is a prohibition for one or both parents to collect the child from the service, both parents have the authority to remove the children from the premises. The family must provide the service with documentary evidence of any such prohibitions.
- **In the case of an emergency, where the parent or a previously authorised contact is unable to collect the child, the parent or person responsible for the child (as listed on enrolment form as having a parenting role) may telephone the service and arrange an alternative person to pick up the child. This contact must then be confirmed in writing to the Service.**

Where there are concerns for the safety, health and wellbeing of Children

If the person collecting the child appears to be intoxicated, or under the influence of drugs, and a staff member feel that the person is unfit to take responsibility for the child, the staff are to bring the matter to the person's attention before releasing the child into their care (**National Law 171**). Wherever possible, such discussion is to take place without the child being present. Staff are to suggest that they contact the other parent/guardian or emergency numbers from the enrolment form, inform them of the situation and request they collect the child as soon as possible. If the person refuses to allow the child to be collected by another authorised person, staff are to inform the police of the circumstances, the person's name, and vehicle make/model and registration details. Staff cannot prevent a parent/guardian from collecting a child, but do have a moral obligation to persuade a parent/guardian to seek alternative arrangements, if they feel the parent/guardian is in an unfit state to accept responsibility for the child.

Other reasons why a staff member would try to prevent a child from going home with a parent as well as the above mentioned are:

- when a young person who is authorised to collect the child, for example a sibling, does not seem sufficiently mature to safely care for the child.
- A parent or authorised person does not have a car fitted with an appropriate child restraint.

Late Collection of Children

- If there are children still present at the Service upon closing, it is best practice to ensure a minimum of two Educators are present (one must have or be actively working towards an approved diploma level education and care qualification, and one must have a full First Aid Certificate). If there is one Educator, they must be Diploma qualified, with a full First Aid Certificate. (**National Regulation 126(1)(a)**).
- Parent to notify the if they know that you are going to be late: If possible, make arrangements for someone else to collect child.
- If parent has not arrived by **CLOSING** they will be contacted. If we are unable to contact the parent, and the child has not been collected, we will call alternative/emergency contacts as listed on the enrolment form to organise the collection of the child.
- A fee of **\$2.00** per minute will be incurred for late collections.
