

Montessori Philosophy

MISSION STATEMENT:

“Help me to do it myself”

The constant driving force is the need for independence, interdependence and sustainability in all areas of development.

VISION:

That our Service is based on the theories of Dr Maria Montessori in the discovery of “sensitive periods” in the development of human beings and our understanding of human tendencies in establishing prepared environments for mixed age ranges of children corresponding to their interests, in an atmosphere of peace in which freedom is balanced with responsibility.
